	AppleCare Protection Plan extends your built-in AppleCare coverage to a full three years from the purchase date of your new Apple pro	oduct.	
	Choose AppleCare Protection Plan - Auto Enrollment if you're buying computers to be covered. Be sure that each purchase order has the	e same	
	number of computers as Auto Enrollment options. Upon receipt of your purchase order, Apple will enroll each computer in the plan, and		
	mail you a proof-of-coverage certificate as well as an AppleCare Protection Plan CD and Quick Reference Guide for each computer. If	you are	
	purchasing Mac minis, Power Macs or MacBook Pros along with Apple-branded displays, take care to choose "with Display" so that the display is enrolled for coverage as well. The AppleCare Protection Plan terms and conditions are available on Apple's website: http://www.apple.com/ca/support/products/proplan.html		
	For stand-alone Auto Enroll Applecare, please refer to the AppleCare Protection Plan Products Section of the price list.

Included is a 640GB Serial ATA 3Gb/s 7200-rpm hard drive, and the system is configurable who at Table of internal storage. The all-new optional Mac Pro RAID card adds added data protection and performance when configured with mul hard drives. A 18x SuperDrive with double-layer support (DVD±R DL/DVD±RW/CD-RW) is standard in all systems, and Mac Pro can be configured with up to two 18x SuperDrive optical drives. All systems include a double-wide PCI Express 2.0 graphics slot and three full-PCI Express 2.0 expansion slots. Bluetooth 2.1+EDR is standard for connection to a wireless keyboard, mouse or other Bluetooth enabled All Mac Pro systems also include: four FireWire 800 ports and five USB 2.0 ports. Networking includes two Gigabit Ethernet ports, and a surface of the processor of the po	ECC , and can of uilable ory. A e bays th up to iple e ength device.	
	A surcharge applies to MacBook Pros shipped to Alberta, BC, Ontario, Nova Scotia or Saskatchewan (Surcharge is per MacBook Pro). Mac Pro - Intel Nearly twice as fast as before, the new Mac Pro is based on next-generation Quad-Core Intel Xeon "Nehalem" processors and a high-perfe system architecture. Featuring 8MB of fully-shared L3 cache and an integrated memory controller with three channels of 1066MHz DDR: memory for greater memory bandwidth and lower memory latency. The Mac Pro is available in both quad-core and 8-core configurations be configured (via Configure-to-Order online ordering, CTO) with processors up to 2.93GHz. Quad-core Mac Pro systems start with 3GB memory and support up to 8GB, while 8-core systems begin with 6GB and support up to 32GB of memory. All new graphics cards are available from both ATI and NVIDIA, starting with the high-performance NVIDIA GeForce GT 120 with 512MB of GDDR3 memory and a Mini DisplayPort and dual-link DVI port. For faster graphics performance, the ATI Radeon HD 4870 is available with 512MB of GDDR5 memored signed interior makes it even easier to add memory, expansion cards, and hard drives. All Mac Pro systems feature four 3.5" hard drive with cable-free direct-attach drive carriers. Included is a 640GB Serial ATA 3Gb/s 7200-rpm hard drive, and the system is configurable w 4TB of internal storage. The all-new optional Mac Pro RAID card adds added data protection and performance when configured with mul hard drives. A 18x SuperDrive with double-layer support (DVD±R DL/DVD±RW/CD-RW) is standard in all systems, and Mac Pro can be configured with up to two 18x SuperDrive optical drives. All systems include a double-wide PCI Express 2.0 graphics slot and three full-PCI Express 2.0 expansion slots. Bluetooth 2.1+EDR is standard for connection to a wireless keyboard, mouse or other Bluetooth enabled All Mac Pro systems also include: four FireWire 800 ports and five USB 2.0 ports. Networking includes two Gigabit Ethernet ports, and optional internal AirPort Extreme Wi-Fi ca	ECC , and can of uilable ory. A e bays th up to iple e ength device.

	To minimize downtime, purchase both the AppleCare Service Parts Kit for Xserve or Xserve RAID and an AppleCare Premium Serv	rice and	
	Support Plan. When you combine an AppleCare Service Parts Kit with the AppleCare Premium Service and Support Plan, Apple exp		
	help you troubleshoot and fix your system right over the phone, day or night, so you won't have to wait for a technician. Xserve and X	Kserve	
	RAID are designed for quick and easy swapping of crucial parts; no special training or certification is required. AppleCare Service P	arts Kits let	
	you keep key modules handy to address the most common hardware failures and the AppleCare Premium Service and Support Plan p		
	support you need to get up and running quickly. AppleCare Service Parts Kits for Xserve include a logic board, a power supply, a fam		
	PCI Fan. AppleCare Service Parts Kits for Xserve RAID include a RAID controller module, a power supply, a cooling module and an	n Apple Drive	
	Module. It is recommended that customers buy one kit for up to ten systems purchased.

	Also includes AppleCare Help Desk Tools.		
	AppleCare Xsan Support		
	AppleCare Xsan Support delivers a year of priority phone and email support for your storage deployment. You'll have direct access—24		
	hours a day, 7 days a week— to Apple's dedicated Xsan Support team. These experts provide in-depth problem-solving assistance with Xsar	1	
	and RAID Admin software. They also troubleshoot Apple hardware running Xsan, as well as interconnectivity between Power Mac, Xserve,		
	and Xserve RAID systems, including Apple-qualified Fibre Channel switches. A separate AppleCare Xsan Support agreement must be		
	purchased for each copy of Xsan software in your network. For complete terms and conditions, visit www.apple.com/support/products/xsar	1
