Apple Education Licensing Program – Software Licensing and Maintenance

Apple Education Licensing Program (AELP) is designed to make Apple software updates simple and convenient, with annual payments to keep costs consistent year after year. AELP offers products that combine software licensing with software maintenance for the institution to cover institutionally- owned or institutionally-leased computers, and, optionally, for higher education institutions to cover enrolled students. Education institutions may also choose to include faculty- and staff-owned computers in their institution installed base so that faculty and staff can work at home with up-to-date software.

Licenses are sold in packages

AELP is sold in packages of licenses. Purchase the mix of packages required to cover your total installed base of Mac computers.

For example: To cover an installed base of 643 computers with Mac Software Collection, purchase the following quantities of license packages:

(1) 500 seat package, (1) 100 seat package, and (2) 25 seat packages, for a total of 650 seats.

Purchase requirements for License and Maintenance products:

First year enrollment

First year enrollment for License and Maintenance products requires the purchase of First Year Enrollment packages that include:

(1) annual license fee, (1) one-time 10% fee to enroll this product in the program for the first year and (1) media set.

NOTE: Each License and Maintenance product requires a separate one-time 10% enrollment fee. For software purchased at the department level, each department must pay a separate one-time 10% enrollment fee.

Renewals and Late Fees

To renew a License and Maintenance product in subsequent years, within the term of the agreement, customers will purchase only the annual license fee. Renewing after an agreement has lapsed for more than one month will require the payment of Late Fee equal to 1/12th of the annual license fee for each month lapsed, plus the purchase of a new 12-month license fee.

Purchase requirements for all licensing products:

Each product may have additional purchase requirements, such as minimum quantities, or a requirement to cover a specific portion of the installed base of eligible end users. Please review each product for additional purchase requirements (below) before submitting an order.

NOTE: Volume License products that do not include Software Maintenance (FileMaker Bento and QuickTime Pro Keys) are not subject to enrollment fees or late fees.
