

Logic Pro 7

Train-the-trainer course

Unlock the Features of Logic

Benefits

Attending the Logic T3 course and passing the Logic T3 presentation evaluation and certification exam offers these benefits:

- Certifies you to deliver the Logic 101 curriculum
- Makes you eligible to receive an NFR (Not for Resale) copy of Logic
- Makes you eligible to use the Apple Certified Trainer logo
- Makes you eligible to teach and administer certification exams at Apple Authorized Training Centers
- Gives you access to the Apple Certified Trainer list-serve
- Provides you with a point person at Apple who can respond to special needs and requests

Course Description

This intensive, three-day course prepares training professionals and industry experts to deliver Apple's Logic curriculum. The course combines lectures with hands-on, case study exercises that reinforce practical skills.

Apple Certified Trainer for Pro applications

To attend a Pro applications Train the Trainer (T3) course, you must first be accepted into the Apple Certified Trainer (ACT) for Pro applications program. Apply for admission by completing the online application. This program trains and certifies qualified individuals to deliver curriculum focused on Apple's suite of digital Pro applications. ACTs work with Apple authorized Training Centers (AATCs) to deliver a range of end-user courses.

Apple Certified Trainer for Logic

Once you've been accepted into the ACT for Pro applications program, you can elect to pursue Logic ACT certification as your first training delivery certification.

This course covers the requirements necessary to successfully become an Apple Certified Trainer, Level One in Logic. To become certified, you must attend the Logic T3 course, and pass the presentation evaluation and the certification exam. The exam is administered during the last day of class. For details on the Pro applications certifications, please visit <http://train.apple.com/certification/proapps.html>.

Prerequisites

Participants must meet the following prerequisites prior to attending this course:

- Logic Apple Certified Pro Level One, end-user certification
- an accepted ACT for Pro Products application. The application is available online at protraining.itechit.com/act/.
- attendance at an Apple pro application end-user course.
- Minimum of one year of experience using Logic.
- Minimum of three years of experience as a teacher or professional in any of these fields: editor, visual effects artist, DVD authoring, or other closely related field.
- Some teaching experience in a structured, classroom setting.

Tuition and Fees

The \$1400 tuition includes class fees, the trainer exam fee, and an NFR copy of the software. Before attending the class, you must review the appropriate Apple Pro Training Series courseware. You will be sent a link where you can order the book online with a 35% discount. You must bring the book and DVD to class with you. This courseware will help you prepare for the end user exam that you must pass before attending the T3. Instructions for paying \$25 USD to take the exam online will be sent to you.

If you do not pass the trainer exam on the first attempt, a retake code will be included in your Prometrics results email. Retakes are \$150. You must wait one week before you can retake the exam. You can only retake the exam once. If you fail on your second attempt, you must take the full T3.

To Register

This course is only available for registration at one of our Apple Market Centers. Please visit <http://train.apple.com/pro/proappsched.html> for a schedule and application.

Train-the-Trainer Class Schedule

- First day: 10 am - 5 pm
- Subsequent days: 9 am - 5 pm

How to apply to Become an Apple Certified Trainer for Pro apps

To earn ACT certification for an application, you must first attend the a T3 course to acquire thorough knowledge of the courseware and effective instructional methods. First, choose your T3 course and complete the online [Apple Pro Certified Trainer application](#). The application will be reviewed by Apple Pro Training, and you must meet all Apple training prerequisites to be accepted into the program. Please allow at least 7 business days for your application to be processed.

When your eligibility is confirmed, you'll receive an email with information on registration and fee payment for the T3 course that you've chosen.

after you're accepted into the ACT program, you'll be sent a code to take the end-user exam for the T3 course you've identified. You should take it prior to the course if you haven't taken the exam previously. If you have any questions, please email: trainer@apple.com.
